The Population of the Isle of Trinidad 1797

	Whites.	Colour.	Slaves.	Indians.	TOTAL.
Men	294	1166	1164	365	6659
Women	390	1624	3505	101	6120
Boys	301	898	1232	190	2621
Girls	266	758	1108	166	2318

Note *
This Species of Cocoa Trees are not natural to the Island, a Vessel from Oromoko laden with the Fruit was wrecked on that Coast some years since, from whence the present Trees sprang which thrive exceedingly well.
