There is lately published a new sheet Map of South America, copyed after a very ceremonial French Map done at Paris in 1707, and to deceive ye world dedicated to Dr Halley, and pretended to be corrected by his own Discoveries: This Copy places C. Horn in Lat 56 and makes ye Long. between C. Horn and C. S. Augustin 27 Deg. whereas ye Doctor lays C. Horn in Lat 57. 30. and makes ye Long. between C. Horn & C. S. Augustin 44 or 45 which this false Map differs from Dr Halley's and all other late Observations, in ye Lat of C. Horn 1 and on ye Long. between ye said Capes 18 D. and consequently makes our Sailing to ye South Sea left by above a Thousand Miles, than really it is.
Now that this Map agrees with Dr Halley &c.
